

New Methodologies for Preparation of Butyl Type Elastomers

A need exists for new forms of low functionality rubbers that possess physical characteristics identical to or superior than butyl rubber and yet are easier to prepare. Innovative Science Corp. has cataloged ideas relating to the synthesis of such rubbers.

Cost = \$8-10,000 Stage 1

Likelihood of Success = 65 %

Earning Potential = Moderate to High.

Return on Investment = Open to negotiation.
